New Summer Experiences for Families

Pop-Up Early Learning

Add a little structure to your at-home learning by following along with real preschool teachers each day. Build the foundations for literacy, math, science, empathy and more through story reads, activities and songs in a familiar format each day.

Hablemos, Leamos y Juguemos

Talk, read, and play with your child in your home language, Spanish. You'll find story reads, songs, and additional guidance in Spanish to engage with your child in meaningful ways throughout the day!

Talk Read Play LIVE

Chat live with Early Learning experts for advice on how to really bring Talk, Read, Play activities to life in your home and embed them into your daily routines to support your child's learning wherever you are.

K-3 Summer Learning- Let Your Light Shine

Engage with your child through these video-based experiences featuring real educators guiding you through activities that support reading skills while developing self-reflection, self-care, and empathy.

Experience Talk, Read, Play

Talk, Read, Play is the foundation for families to engage their child with learning during everyday activities at home. Make the things you already do all day more impactful - with ideas for how to make the most of talking, reading and playing with your child to help keep their young brain learning through the regular routines of home life.
